## Laos Rule Says Communists a Big Threat

By MAX HARRELSON  
Associated Press Staff Writer

The government of Laos says  
the threat from Communist rebels  
is growing steadily more serious,  
but it has made no move to ask  
the aid of either the United Na-  
tions or the Southeast Asia Treaty  
Organization.

The SEATO pact was signed in  
1954 just six weeks after the  
Geneva armistice ended the Indo-  
China War. And the eight SEATO  
signers included a special protocol  
bringing Laos, Cambodia and  
South Viet Nam under the wing  
of the anti-Communist alliance.

In the event of any armed at-  
tack or threat which might en-  
danger peace, the eight SEATO  
members are obligated to consult  
immediately on measures to be  
taken. But they also are bound not  
to intervene on the territory of  
the attacked country without an  
invitation of the government con-  
cerned.

So far there has been no such  
invitation from Laos. Nor have  
any SEATO countries suggested  
such an invitation might be in  
order. Members of the alliance  
are France, the former ruler of  
Indochina; the United States, Brit-  
ain, Australia, New Zealand, Pak-  
istan, Thailand and the Philip-  
pines.

The SEATO pact does not offer  
the rigid guarantees of action pro-  
vided by the North Atlantic Treaty  
Organization. It calls only for  
consultations on any use of force  
or threat of force. This, however,  
would not prevent the alliance  
from acting if its members agree  
that intervention is necessary.

The United Nations has been  
mentioned frequently since fight-  
ing in Laos resumed. A representa-  
tive of the Laotian government  
has consulted with Secretary Gen-  
eral Dag Hammarskjold and with  
some U.S. delegations on the pos-  
sibility of having observers sent  
to Laos. But no request has been

## Rayburn Sees No Interest Rate Repeal

WASHINGTON (AP) — Spen-  
cer S. Rayburn (D-Tex.) said to-  
day he does not expect the House  
to consider this year repeal of the  
interest rate ceiling on govern-  
ment bonds, repeatedly urged by  
President Eisenhower.

Rayburn told his news confer-  
ence, "I don't think it will be taken  
up, because there is not the  
slightest chance the Senate will  
do anything this year."

He did not close out the pos-  
sibility, however, of legislation  
raising the interest rate on "B"  
and "H" savings bonds bought by  
individuals from 3 to 3 1/2 per cent.

CONSIDERING NEW MOVES  
— Defense and State Depart-  
ment officials are considering  
new moves to strengthen the  
Laotian government's hand in  
suppressing Communist-led  
rebels. Authorities have recog-  
nized the Communist govern-  
ment of North Viet Nam has  
violated the 1954 Geneva agree-  
ment ending the Indo-China  
war by increasing the level of  
military equipment in the  
hands of Laotian rebels. — NEA

## Blevins Public Schools Open on Sept. 7

Supt. Norman Jones announces  
that the Blevins Public Schools,  
both white and Negro, will open  
Sept. 7. All buses will run their  
regular schedule and are to arrive  
at school at 8:30 a.m. The schools  
will operate on a half-day schedule  
the opening day. They will run  
on a regular all-day schedule Sept.  
8 and the cafeterias will begin serv-  
ing lunches on that date.

The pre-school workshops for  
faculty members will begin Wed-  
nesday, Sept. 2 at 8:30 a.m. The  
white school faculty will meet in  
the high school library and the  
Blevins Training School faculty  
will meet in the library at the  
Training School.

A workshop for all bus drivers  
will be held at the school garage  
at 9 a.m. Saturday, Sept. 5. After  
a short session at the garage, the  
meeting will be continued in the  
classroom of the white agriculture  
building.

The faculty is the same as it  
was last year with the exception of  
Miss Norma Jean Stone replacing  
Miss Julia Hutchinson, retired first  
grade teacher. Coach Bobby Daniel  
has been made principal replacing  
Otis Rose and William D. Sullivan  
will be the new math teacher and  
assistant principal.

## Man Killed in Trumann Accident

TRUMANN, Ark. (AP) — E. W.  
Barton, 34, of near Trumann was  
killed last night when his car aver-  
tured on a rural road three miles  
southeast of here.

State Trooper Burlin Jackson  
said Barton was pinned beneath  
the auto which apparently went  
out of control. Barton was driving  
alone.

## United Fund Names Officers

Left to right Eugene White, Treasurer, W. R. Caldwell, Presi-  
dent, Mrs. Arthur Wommell, vice-president for north  
Hempstead County and Mrs. Sam McGil of Fulton, vice-president  
for South Hempstead County. These officers were elected at the  
Board organizational meeting held Tuesday evening in the Com-  
munity Room of the First National Bank.

## Feels Assessment Ratio to Be Met

LITTLE ROCK (AP) — The state  
Assessment Coordination Depart-  
ment predicted yesterday that all  
75 Arkansas counties would meet  
the reassessment minimum of 18  
per cent by the Dec. 31 deadline.  
ACD Director F. W. Canaday  
said yesterday 30 counties were  
at the 18 per cent ratio on Aug.  
1 and the other 17 counties are in  
various stages of reappraisal pro-  
grams.

A 1955 state law provides that  
the counties lose a portion of state  
turnback funds if property assess-  
ments are not brought to 18 per  
cent of valuation. The 1950 Legis-  
lature extended the original Dec.  
15, 1958, deadline for loss of turn-  
back funds.

## Union Chief Returns to Steel Talks

NEW YORK (AP) — David J.  
McDonald, president of the Steel  
workers Union, returned to steel  
strike negotiations today. He had  
walked out almost three weeks  
ago, calling them a sham.  
The strike of a half-million  
steelworkers now is in its 34th  
day. No sign of settlement was  
in sight.  
McDonald declared himself  
Tuesday as opposed to any use of  
the Taft-Hartley Act to force the  
steelworkers back to their jobs.  
President Eisenhower at his  
conference Tuesday repeated his  
contention that both sides must  
solve the problem by collective  
bargaining, and R. Conrad  
Conner, chief industry negotiator,  
has maintained that collective  
bargaining, not government inter-  
vention, is the best way to settle  
the strike.

The Taft-Hartley Act gives the  
President the power to order  
strikers back to work for 8 days,  
while a fact-finding commission  
investigates the issues.  
As the strike entered its seventh  
week, there was no settlement in  
sight.

## Laneburg to Open Schools September 7

Laneburg School will open on  
Monday, September 7th, for the  
1959-60 school term according to  
an announcement by Supt. Edward  
D. Spencer. School will begin at  
8:25 a.m. with a general assembly  
in the auditorium.

The Laneburg School Patrons  
are happy to welcome two new  
teachers to the school. Mrs. Mary  
Cox, 5th and 6th Grades, and Bobby  
L. Clifton, Vocational Agriculture.

Another new to our program in  
Laneburg School is the addition of  
Vocational Home Economics. After  
a lapse of several years, the Home  
Economics Department is to be in  
use with the service of Mrs. Lloyd  
Smittle, on a half time basis. This  
program is made possible through  
the co-operation of Willisville and  
Laneburg Schools. It is the first  
dual program to be approved by  
the State Vocational Department.

Mrs. Smittle will be at Laneburg  
in the morning and at Willisville  
in the afternoon. Several repairs  
have been made to the Home Eco-  
nomics Building including painting  
the kitchen, papering the living  
room, building a new porch.

Other teachers in the system  
are: A. N. Canfield, English and  
Social Studies; Leroy Ferguson,  
Math & History; DeWay Burchfield  
Coach and Jr. High; Mrs. Edward  
D. Spencer, Librarian and Com-  
mercial; Mrs. C. D. Ward, 3rd and  
4th grades; Mrs. C. E. Lutes, 1st  
and 2nd grades; and Edward D.  
Spencer, Superintendent and sci-  
ence.

Other school employees are: Bus  
Drivers — Hess Purdie, John Bar-  
ham, and Howell Harris. Hess  
Purdie will also serve as custodian.  
Lunch room workers are — Mrs.  
Fulma Lee, Supervisor; Mrs. Sadie  
Clements and Mrs. Pearl McBride  
helpers.

The pre-school faculty meeting  
will be held on Friday, September  
4, at 8:30 a.m. in the high school  
building.

## Henley, Young Get Appointment Okays

WASHINGTON (AP) — A Senate  
Judiciary subcommittee today ap-  
proved President Eisenhower's  
nominations of J. Smith Henley,  
and Gordon E. Young to be fed-

## U. S. Would Sell Russia Items Now on Exhibit

By FRANK CORMIER

WASHINGTON (AP) — The  
United States announced today it  
is willing to sell the Soviets a set  
array of products displayed at the  
American exhibition in Moscow.  
The items range from a house to a  
sawdriver.

Secretary of Commerce Fred-  
erick H. Mueller described the of-  
fer as a good will gesture. Such a  
sale, presumably also would be  
good business for Uncle Sam. It  
would save him the cost of ship-  
ping the goods back to the United  
States.

There was no immediate word  
whether the Soviets were ap-  
proached in advance about the  
proposal, or whether they would  
be interested.

The offer covers about 1,000  
American-made items, including  
the \$200,000 closed circuit color  
TV unit before which Vice Presi-  
dent Richard M. Nixon and Presi-  
dent Nikita Khrushchev last  
month held their impromptu de-  
bate on the cold war. Also on the  
list is the medium-price prefabricated  
house which the Soviets  
have claimed is much better than  
most Americans can afford.

Mueller announced the proposal  
in a special statement which said:  
"This trade offer is both a sincere  
gesture of good will to the Soviet  
people and a definite opportunity  
for the Soviet Union and the  
United States to do business."

The phrasing of the announce-  
ment indicated that some Ameri-  
can products displayed at the fair  
will not be made available to the  
Soviets. However, Commerce De-  
partment aides declined to clarify  
this point.

About 1,000 items covered by the  
offer normally would require U.S.  
export licenses before they could  
be sold to the Soviets.

Items offered include all equip-  
ment in a model kitchen display,  
home furnishings, hand and port-  
able tools, radios, a complete home  
workshop, hi-fi equipment,  
pleasure boats, sporting goods, of-  
fice equipment, farm machinery,  
automobiles of all kinds, photo-  
graphic equipment, motion pic-  
tures, air conditioners and fashio-  
nable American clothing.

## Merchants Offer Shop in Hope Days

Members of the Hope Retail  
Merchants Committee of the Cham-  
bers of Commerce will display the  
"Shop in Hope" emblem on their  
doors and windows and in their  
newspaper advertising beginning  
tomorrow with the town-wide Shop-  
portunity Day promotion.

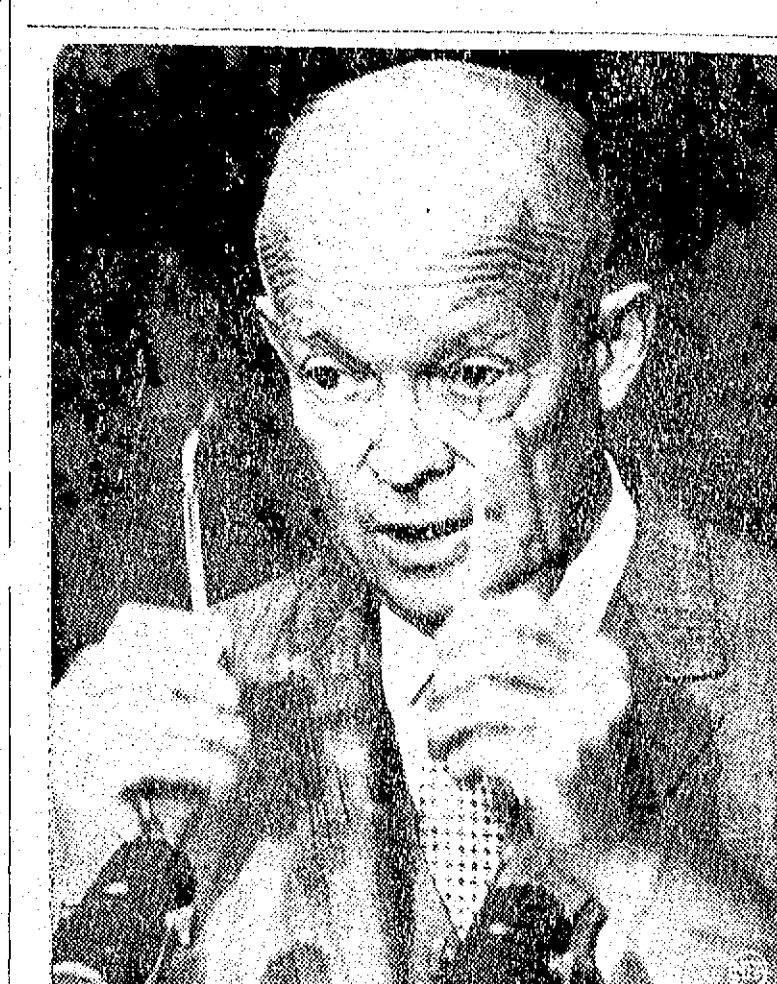

This weekend, the cooperating  
merchants will offer many out-  
standing values and bargains to  
residents of this area and their ad-  
vertisements appear in today's  
paper. Hope Retail Merchants  
Chairman Bill Caldwell designed  
the emblem, "Shop in Hope" which  
designates to the shopping public,  
the local merchants who are boost-  
ing business and Hope. The 22  
active and paying members of  
this group urge their customers to  
take advantage of the money-sav-  
ing values offered in Hope during  
Shopportunity Day.

## Crestliner Boats to Build at Morrilton

MORRILTON, Ark. (AP) — Crest-  
liner, Inc., manufacturer of out-  
board boats, announced today that  
it will build a plant here.

The announcement said that  
more than \$600,000 would be spent  
in establishing the basic require-  
ments of building and machinery  
for the initial phase of operation.  
An estimated 100 new jobs will  
be made available in the first  
stage, the announcement said.

# President Eisenhower Given Hero's Welcome on Arrival in Germany

## President Goes to Europe to Calm U. S. Allies

BONN, Germany (AP) — Presi-  
dent Eisenhower brought his per-  
son-to-person diplomacy to Ger-  
many tonight and received a  
hero's welcome in this land he  
helped conquer 14 years ago.

By HERB ALTSCHULL  
BONN, Germany (AP) — Presi-  
dent Eisenhower spanned the At-  
lantic today to bring his per-  
son-to-person diplomacy to Bon, Lon-  
don and Paris.

The jet-spined President left  
Washington, stopped briefly for a  
refueling stop in Newfoundland,  
and flew on over Ireland toward  
an evening landing at nearby  
Wahn Airport.

One of the most enthusiastic re-  
ceptions he has ever met awaited  
him.

The airport, 20 miles from the  
West German capital of Bonn,  
was decked with its most festive  
display. The red, white and blue  
of the United States fluttered be-  
side the black, red and gold of  
West Germany.

It is the first time an American  
President ever has visited Bonn.  
And it marks also the first time  
an American President has been  
invited to Germany, a country  
against which the United States  
has fought two wars in this cen-  
tury.

The President left Washington  
early in the morning.  
A white and silver Air Force jet  
with the President and his party  
aboard roared away into the pre-  
dawn darkness from Andrews Air  
Force Base.

The time was 2:57 a.m., the  
destination, Bonn, Germany, 9 1/2  
hours away.

In spite of the hour, Mrs. Eisen-  
hower got up and drove to the air-  
port with her husband. Both were  
bright-eyed and smiling although  
they had less than six hours sleep.

Mrs. Eisenhower, their  
son, who is assistant White House  
staff secretary, came along and  
accompanied his father on the flight.

Because of the hour, Eisenhower  
had asked that government offi-  
cials not show up to see him off  
and none did.

Eisenhower is going to Bonn,  
Paris and London as a prelude to  
trading official visits with Soviet  
Premier Nikita Khrushchev.

In lands where he soared to  
fame as the nemesis of Nazi ag-  
gressors, the President is prepared  
to lay down solemn promises that  
the United States once again will  
join in the use of force, if need be,  
to repel aggression.

## Spring Hill to Start School August 31

Spring Hill School will open on

## 17 New Cases of Polio Reported

LITTLE ROCK (AP) — Sever-  
teen new polio cases were re-  
ported to the state Health Depart-  
ment last week, bringing the total  
for the year to 164.  
No new cases have been re-  
ported this week, department offi-  
cials said yesterday.  
Only nine cases had been re-  
ported by this time in 1958.  
A Health Department spokes-  
man said most of last week's new  
cases involved persons under five  
years of age who had not had  
polio vaccine.

please and no one is going to force them—and that goes for Mr. Butler on."

Sen. Talmadge said he thought the Sept. 1 meeting of the Democratic National Committee would provide a good opportunity for someone to move that Butler be fired, or for Butler to resign "for the good of the party."

Douglas was the first of the Northern Democrats to comment. He said he couldn't see why there should be any row about it.

He said it seemed to him that if such an issue caused a real split in the party, "it would indicate they wanted to split anyway."

## Plane Wreck, Bodies Haven't Been Found

CAMPBELL RIVER, N.C. (AP) — Reports that the wreckage of a U.S. Neptune bomber and 11 skeletons had been found by a search party Monday were incorrect, the Royal Canadian Air Force said today.

The misinterpretation of a brief radio message from the searchers was blamed.

In fact, the Air Force said, the message was meant to be a request for information on a crash in the area in 1951. The misunderstanding was blamed to poor radio reception.

A twin-engine Neptune with 11 aboard crashed high on Mount McCreight in 1950. It was found a year later and the bodies removed.

A search official in Vancouver said it is possible the wreckage is that of the same plane. The search group was sent in after an airman at Comox HCAF base sighted the wreckage at the 4,000 foot level of the Vancouver Island peak.

The search party is expected to reach the scene today.

## Two Die in Car, Truck Collision

SPRINGDALE, Ark. (AP) — A car-truck collision killed two men yesterday. Another man was injured in the accident two miles east of here on Highway 68.

Jim Ira Davis, 28, of Springdale, driver of the car, and Dorthea Mazaard, 40, of Huntsville, his passenger.

Police said Davis' car was passing a pickup truck driven by Paul McGuire of Springdale. An oncoming truck loaded with lumber smashed head-on into the car and clipped the pickup.

The lumber truck and auto careened into a ditch, locked together. Rescue workers used cutting torches to remove bodies of the victims.

McGuire was injured. Bill Sovall of Paris, Ark., driver of the lumber truck, was not hurt.

## Charges China in Cold War Against India

By WATSON S. SIMS

NEW DELHI, India (AP) — A leading Indian newspaper chain said today that Communist China has declared a cold war against India which is forcing this country to forget about nonalignment.

The Indian Express, published in New Delhi, Bombay and Madras, said China's policies since the Tibet revolt last March have frightened her neighbors and alienated her friends.

The result, the Indian Express said, is an "evolving reappraisal" which is bringing Indian foreign policy more closely in line with that of the Western nations.

The article, signed by the Express Delhi editor, said the Indian Red Chinese treaty of co-existence of 1954 is "dead — buried — five foot deep."

The article said that in return for India's continued proferring of friendship, "Peiping has declared cold war on India, dubbing her expansionist and imperialist, obstructing Indian trade in violation of the treaty."

"Whether India likes the role or not, non-Communist nations on the periphery of the Chinese land mass will increasingly look to her (India) as they prepare to defend against Chinese Communist expansionism," the Express added.

"China is accomplishing for the West what the United States has been attempting all these years in vain. For this is exactly the role the West has desired India to play in Asia and which India has persistently refused to accept."

"This is the time for Uncle Sam to hawk SEATO around once again, and this time he will find many takers."

India and many of her neighbors held about from SEATO, the Southeast Asia Treaty Organization, when it was organized in 1954.

Another leading newspaper, the Statesman of Calcutta and New Delhi, reported new tensions between Communist China and Bhutan, the tiny protectorate which India has said India would defend against any attack.

The Statesman said the Chinese recently imprisoned two Bhutanese mailrunners at Yatung, a Tibetan city through which most Bhutanese commerce from India passed for years.

The Statesman said there has been so much interference that Bhutan is no longer using the Yatung route. The story declared that among those involved in incidents in Yatung were the prime ministers of both India and Sikkim who "were detained by the Chinese virtually at submachine gun point."

The Statesman did not say when the incidents occurred, or give the source of information.

## Twin Girls Born Aboard Airliner

NEW YORK (AP) — Twin girls were born aboard an airliner over the Atlantic today.

The mother, Mrs. William B. Stivers, was flying to Bethlehem, Ky., to give birth at the home of her husband's parents. He is a U.S. airman stationed in England.

The Pan American World Airways plane was heading from London to Gander, Nfld., en route to New York.

Capt. Roland A. Bell, Massapequa, N.Y., radioed this message: "Passenger aboard plane in London. Plane has No. 1 priority to land at Gander."

Then another message crackled: "Just been advised by stewardess that twins have been born. Will keep you advised."

After a stop at Gander came a third message: "Twins are girls. Mother and twins doing well at Banting Hospital, Gander."

Pan American said this was the first time twins had been born on one of its planes.

A doctor among the passengers and two stewardesses assisted in the births. They are Dr. Clarence Ing, described as a missionary of the Seventh-day Adventist Church, and Ellen Mandzik and Yolanda Sisto, both of Manhattan.

## Chancellor of 12th District Succumbs

BLITHEVILLE, Ark. (AP) — Twelfth District Chancellor W. Leon Smith died last night at a Blitheville hospital after a lengthy illness.

Smith, 62, had been on leave of absence from the bench for several months.

Born at Eupora, Miss., Smith attended Millsaps College at Jackson, Miss. He was admitted to the Mississippi Bar in 1918 and practiced law in Jackson until he entered military service during World War I.

After his discharge, Smith opened a practice in Pine Bluff, Ark., in 1919 but he remained there only three years before moving to Blitheville in 1922.

Smith first was elected chancellor in 1950. He was reelected without opposition to a second six-year term in 1956. Previously he served as deputy prosecuting attorney for Mississippi County.

Survivors include his widow, two sons, and two daughters.

Funeral arrangements were incomplete.

## Delays Visit of Soviet, U. S. Lawyers

MIAMI BEACH, Fla. (AP) — Atty. Gen. William P. Rogers today proposed an exchange of visits with a speech to the American Bar Assn., he said that such exchanges would dramatize the contrast between a free system of government and a regimented Communist system.

"It is my opinion," Rogers said, "that the legal profession should give its support to a carefully planned exchange program of lawyers and judges in order that the Soviets may study our constitutional system and the operation of our courts, and that we have an opportunity to study the system in effect in the Soviet Union."

Tuesday, after hour long debate, the association accepted a report in an attempt to balance off a report of six months ago criticizing the court.

But its policy-making group, the House of Delegates, emphasized that neither report, made by separate bar committees, represented an official stand by the ABA. They were merely opinions of the committees which drew them up, it said.

When the House of Delegates met last February at Chicago, it adopted resolutions of its Committee on Tactics Committee urging Congress to strengthen laws dealing with internal security.

The same committee, in a separate report on which the house took no action, cited 24 Supreme Court decisions which it said illustrated "how our security has been weakened."

The Arkadelphia Paper  
Has New Owner

ARKADELPHIA, Ark. (AP) — The new Arkadelphia Publishing Co., announced yesterday it has bought the daily Siftings Herald here and will begin publishing the paper Sept. 1.

Sale price was not disclosed.

The Arkadelphia Publishing Co. was formed by four Pine Bluff men, all connected with the Pine Bluff Commercial. They are E. W. Freeman Jr., E. W. Freeman, III,

Armistead C. Freeman and Gordon N. Freeman.

Daught Alexander, a member of the Commercial advertising staff for 13 years, was named vice president and manager of the Siftings Herald, which is Clark County's only daily newspaper.

Articles of incorporation for the publishing company were filed Monday at Little Rock. Final approval of the sale was made yesterday.

Philip McCorkle Sr., publisher of the newspaper, since 1902, said he expected to continue his association with the Siftings Herald in whatever way I can be of help.

Alexander, 40, said he plans to move his family to Arkadelphia as soon as possible. The Alexander family has two children.

A native of Pine Bluff, Alexander is a graduate of Pine Bluff High School, the Arkansas College at Batesville and served in the Army Air Corps in World War II. He also served in the Army during the Korean War.

Alexander said he did not contemplate any changes in personnel at the Siftings Herald.

## Oil Firm Warns Strikers to Return

EL DORADO, Ark. (AP) — The American Oil Co. yesterday warned striking workers to return to their jobs at a refinery here or their positions would be filled.

H. A. Heiss, refinery manager, said he mailed letters to each striker, setting Aug. 28 as the deadline for deciding whether to return to work.

Heiss said the refinery operation was necessary to complete obligations to the community and to return and strike who depend on the operation of this facility.

## NEW NO SQUEAL ATLAS BUCRON TIRES

- ✓ Ride, stop, look, and last like no other tires!
- ✓ Hug the road so well you can't make them squeal!
- ✓ Stop faster on wet roads than other tires do on dry roads!

"NO SQUEAL" ATLAS BUCRON TIRES represent not just a tire improvement, but a revolutionary new kind of tire. You have never ridden on anything like them.

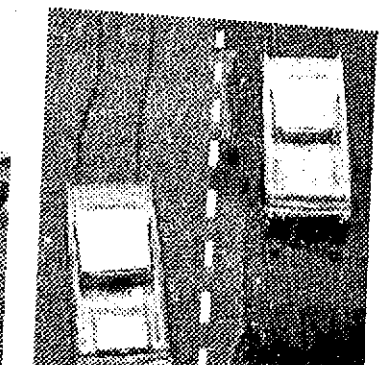

After riding on tires of conventional rubber, you'll be amazed at the difference. The first thing you'll notice is a remarkable change in the ride. Your car handles better. Road noise and car rattles virtually disappear. Then

there is their amazing quietness. Even on sharp turns and fast stops you can't make them squeal. Add to these features their amazing safety — 20% faster stops — it's easy to see that a tire revolution is here.

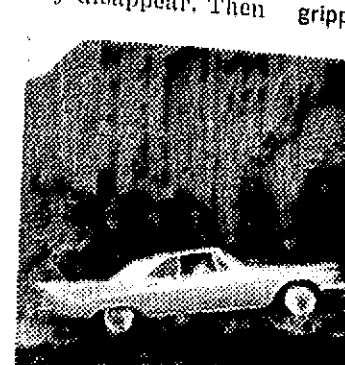

PEOPLE ARE BUYING THEM IN SETS OF 4 . . . these radically different tires of butyl are so sensational, that drivers are putting them on all 4 wheels to experience the ultimate in faster stopping, sure gripping and greater comfort.

NO SQUEAL EVEN ON SHARP TURNS! No more throat-tightening squeal on tight turns. These revolutionary new kind of tires soak up road shock so efficiently that they give you an entirely new kind of ride.

30% FASTER STOPS! Test after test proves it. Their special design puts more rubber on the road for better grip. They actually stop faster on wet roads than conventional tires do on dry roads.

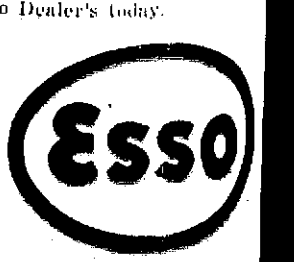

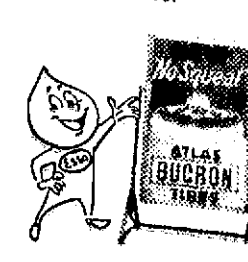

YEARS OF TESTING PROVE LONG LIFE! In desert sun and mountain cold, tires of Butyl stay flexible, don't dry or crack like other rubbers. They withstand deterioration, a unique contribution to longer life.

COST LESS THAN MOST PREMIUM TIRES! The best news of all is that these marvelous new Bucron tires actually cost less than most premium tires. Test drive a set at your Esso Dealer's today.

A Face-Famished Wife Can Cook Up Own News

By DOROTHY DIX

Dear Dorothy Dix: I have the most wonderful, loving, faithful husband in the world but, as is always the case, he has one fault. He just does not tell me things. I always hear bits of news or gossip from other women who are a n e z e d at my ignorance. When I mention these incidents to my husband he says, "Oh, I thought I told you that," but he knows darn well he didn't. I'm at home all day and standing for a bit of outside news. Sometimes I just cry because I feel so left out. I'm not a gossip but would like to know what goes on in the world.—S.F.

Dear S.F.: Let's look at the other side of the coin for a moment. Many wives complain that their spouses come home and give every single boring detail of their day's activities—what the secretary wore, what the boss had for lunch, how many complaints the shipping department had.

Don't depend on someone else to keep you informed. Get out and create news of your own. Read, study and carry on a correspondence with someone overseas or renew acquaintances with a friend you haven't seen for years. Do some community work, act as a volunteer for an understaffed hospital and you'll have so much news bubbling to be asked you "What's new?" and meaning it. Stop being a cry baby. That will get you nowhere. It's a sign of self-pity, the most

useless emotion in the world. Dear Dorothy Dix: My daughter has just become engaged and I am very happy about it. I told her the first thing I wanted to buy was a hope chest but she said it's her fiancé's place to give her the chest. I feel quite hurt about this and would like your opinion.—Mrs. T.

Dear Mrs. T.: Originally a hope chest was made by the girl's father and filled by her mother as part of the dowry. However, times have changed, the plain box that was once a hope chest has become a gorgeous piece of furniture known as a sweetheart chest and is usually given by the future bridegroom. Be thankful. They can be quite expensive.

Dear Dorothy Dix: My husband is a doctor and as such is entitled to more formality than his friends give him. They won't call him by his title but insist on using his first name without prefixing the "Dr." I think this is very rude. Don't you? — Doctor's Wife

Dear D.W.: Stirring up a storm over such a trifle could cost your husband friends and patients. Nowadays everyone uses first names and, except for clergymen, discard all titles. If you persist in making an issue out of the thing you will lose friends, too. The wives of engineers, lawyers or businessmen think just as highly of their husbands' professions as you do but don't expect special consideration.

Send your problem to DOROTHY DIX, be sure to enclose a stamped, self-addressed envelope, and address her care of this newspaper.

## Snider, Hodges Jolt Dodgers Back in Running

By ED WILKS  
Associated Press Sports Writer

Duke Snider and Gil Hodges, the gold dust guys of the Dodgers' past pennants, have jolted Los Angeles back into consciousness in the National League scramble for the flag.

After dropping three in a row at Pittsburgh and skidding to third, the Dodgers now have taken two in a row at Philadelphia. And of their 13 runs in the two games, Snider and Hodges have driven in nine.

They combined for three runs, as each rapped his 21st homer Tuesday night in a 5-2 victory over the last-place Phils.

That left the Dodgers with 3½ games of first-place San Francisco. The Giants' walloped fourth-place Pittsburgh 12-5 as southpaw Johnny Antonelli won his 18th-top total in the majors.

Third-place Milwaukee, four games back, went 10 innings before beating St. Louis 3-1. Chicago's Cubs tied Cincinnati for fifth, beating the Reds 6-6.

In the American League, Chicago's first-place White Sox beat Boston 3-4 in 10 innings. The Cleveland Indians defeated New York 6-3. Kansas City beat Baltimore 6-5 and Washington defeated Detroit 3-1.

Wally Moon had three of the Dodgers' nine hits off loser Robin Roberts (11-14), ripping the first of his two doubles ahead of Snider's first-inning homer. It was Duke's 352nd, breaking a tie with Ralph Kiner for third on the all-time NL list behind Mel Ott (511) and Stan Musial (409).

Hodges' homer was a solo shot for a 4-1 lead in the fourth. That made it a breeze for southpaw Johnny Podres (12-7). He gave up only six hits, one Harry Anderson's homer, but needed Larry Sherry's relief in the eighth.

Antonelli drove in three runs, two with his second homer, as the Giants collected 13 hits off loser Ron Kline (6-13) and four relievers. Daryl Spencer had three hits on a homer, for the Giants who scored seven runs in the last three innings.

Two American League castoffs saved it for the Braves. Shut out on seven hits by Bob Gibson (1-3), the Braves tied it in the ninth when pinch hitter Mickey Vernon walked and Ray Boone hit a two-out pinch single. A double by Ed Matthews and Joe Adcock's single, the third hit for both, broke the tie in the 10th.

Don McMahon (4-1) won it in relief of Warren Spahn. Irv Noren homered in the second inning, then singled, which scored on Cal Neman's home run as the Cubs counted four in the fourth to beat the Reds and Bob Purkey (10-14). Bill Henry (8-6) won it.

## Ken Boyer Cards' Team Captain

ST. LOUIS (AP)—Ken Boyer, an old pro at 28, the St. Louis Cardinals' first team captain since Fred Schoendienst and the club's only home run threat—is one man you can't blame for his team's seventh place position.

"Ken is one of the top five players in the National League," said Manager Solly Hemus. "He is the quiet type of leader and the other players look to him to take charge."

"That's why I decided to name him captain."

In his last 24 games, Boyer was held hitless in only one game. He batted an even .400 over that stretch and his 38 hits went for 57 bases, giving him a .600 slugging percentage.

Ken's batting average is .318, best of his five seasons in the majors. He leads the Cards with 23 homers and 75 rbi's.

THE CHIEF

Officers Say Jurors Discussed Judgment

LITTLE ROCK (AP)—Two Little Rock city detectives testified yesterday they heard two jurors who voted for a \$100,000 label judgement discussing the case while the trial was in progress.

Ed West and Richard R. Greene, members of the vice squad, gave the testimony in support of a motion filed by the Arkansas Gazette, Cecil Hill and Harold Dunaway for a new trial.

Arkansas Democrat reporter Bob Trout won the \$100,000 judgement against the newspaper and the two men by a 9-3 jury vote. Nine votes are needed to decide civil action.

Greene said he heard juror Jasper Fletcher tell juror F. M. LaBat that Hill and Dunaway were "known gamblers, thieves and thugs." Greene said Fletcher then remarked that "we just can't go along with them (Hill and Dunaway) and LaBat agreed."

The detectives said they heard the men talking at lunch in a downtown cafe during a recess in the trial.

## Frantic Chisox Barely Retain League Lead

By ED WILKS  
Associated Press Sports Writer

The Chicago White Sox, fighting frantically to keep the American League lead, did it again Tuesday night.

They were down 4-2 with one out in the ninth and hitless since the fourth inning while second-place Cleveland's seventh straight victory blazed on the scoreboard.

Then whoppers.

Four consecutive singles gave 'em two runs and a tie in the ninth, and with two out in the 10th, a walk and Billy Goodman's double beat Boston 5-4, retaining Chicago's two-game edge over the Indians.

It was the White Sox' 30th victory in 38 one-run decisions, their 11th in 13 extra-inning games and the 20th game they've won in the final inning.

The Indians matched their longest winning streak of the season by whipping New York 6-3 as Rocky Colavito drove in four runs with two homers.

## Ike's Tour Should Be Unnecessary

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP)—President Eisenhower embarked upon a strange journey today, one which should seem unnecessary. He is flying to Europe to reassure American allies he won't be up to any monkey business in dealing with the Soviet Union.  
He didn't put it that baldly at his news conference Tuesday. But that is the purpose of his trip. The fact that he feels he has to make it doesn't speak well for the solidarity of the Western alliance.  
But Britain, France and West Germany are second-rate powers now. And they know it. And the thought of the Big Two sitting down together — Eisenhower and Premier Nikita Khrushchev — jingles their nerves.  
The Associated Press reported this week from London that Britain, France, and West Germany want a presidential pledge that the United States will not enter an accommodation with the Soviet Union at the expense of their own national interests.  
This kind of suspicion or uncertainty explains why the Soviets will try to drive wedges between the Western powers any time they can.  
If it's any comfort to the West, Khrushchev may be having similar problems with the Red Chinese, and satellite leaders now. The Premier, according to reports from Berlin, may be meeting with them at his Black Sea vacation place.  
This was Eisenhower's way of explaining reasons for his trip: "To reiterate jointly that regardless of pressure or inducement we shall never retreat from our ideals or principles or weaken in our resolution to remain secure as we continue the search for peace."  
And he added, as another reason for going: "To discuss with each head of government problems common to that nation and ours."  
The Western problems have multiplied since the President and Premier decided to meet. Some of them look like prime gonnas problems.  
It would have saved Eisenhower time and trouble on this trip if he could have met with Prime Minis-

Hempstead Motor Co., vs. Jesse Ware, Action on account for \$78.30. Dismissed on motion of plaintiff.  
for Harold Macmillan, President Charles de Gaulle and Chancellor Konrad Adenauer in one place and at one time, all together.  
But these three wouldn't get together. Macmillan wouldn't go from London to Paris. De Gaulle wouldn't go from Paris to London and neither seemed anxious to have Adenauer around at the same time as Eisenhower.  
Their performance raises a chilly question: If they can get this temperamental at a time when Eisenhower is meeting Khrushchev — although he had previously assured them there would be no secret deals — what would their reaction be if the President and Premier hit upon some solutions which seemed reasonable to them but which the others didn't like?  
Eisenhower, anxious from the beginning to raise no false hopes about his conference with Khrushchev, sought at his news conference to reduce the meeting's importance to something less than hysterical dimensions.  
He gave a couple of reasons for asking Khrushchev here but carefully pitched them in a casual, low key.  
He wants to find out first-hand, by sitting down with Khrushchev, whether the Russian really wants some peaceful solutions acceptable to both sides; and he wants Khrushchev to go a look a American working and living.

trouble since.

Students went on an anti-  
ism strike at Van Buren  
throughout the first year of  
on, 1957-58, was unmark-  
incident. School officials  
ally with the strikers and  
ual E. Paubus refused a  
from the students for aid.  
for subsided quickly.  
has a total of eight Ne-  
gents — one in the 11th  
three in junior high school  
in elementary school.

Negroes attended h i g h  
and six were in junior high  
Buren last year. Three  
been graduated. School of-  
ficials expect about 20 Negroes  
when the seventh grade  
desegregated for the first

time, home of the Uni-  
of Arkansas, ex-  
about 12 negroes, includ-  
basketball star — when  
open Sept. 8, Fayetteville,  
ated in 1954. Three years  
while it was surrounded  
ing of integration in Little  
the star fullback on Fay-  
ville's football team  
William Hayes, a Negro who  
a promising sophomore at  
university of Nebraska.  
ville's basketballing Ne-

gro is Harold Hayes, William's  
brother. Another Negro, Charles  
Ruffin, is in the 1959 football team  
Fayetteville voluntarily holds its  
Negroes out of competition if the  
school it is playing objects.  
At Fort Smith, one Negro boy  
is eligible to attend the third grade  
and a girl, the boy's cousin, is  
enrolled in the second grade. Both  
attend the same once-white school.  
School officials were unable to  
estimate how many Negroes would  
sign up for the first grade next  
week.

Under the Fort Smith plan, in-  
tiated in 1957, one grade begin-  
ning with the first, is desegre-  
ated each year. But a Negro must  
begin in the first grade to be  
eligible to advance to a pre-  
dominantly white classes.

School officials declined to give  
Negro enrollment at Charleston,  
which desegregated in 1954. In-  
formed sources said about six Ne-  
groes would attend there. Benton-  
ville, also desegregated in 1954,  
has two Negroes, both from the  
same family, among 1,000 white  
students. Only two Negro families  
live in the city.

One other Arkansas city—Ozark  
—has tried integration but aban-  
doned a voluntary plan because  
of student and adult discontent.

After two years of strife in-  
cluding one year of closed schools,  
Five Negroes are attending two  
once-white high schools in Little  
Rock. And a federal court has  
ordered admission of three Ne-  
groes to the Dollarway school on  
Sept. 8.

Both Pine Bluff and North Lit-  
tle Rock abandoned voluntary  
plans of integration after re-  
sistance flared at Little Rock.  
North Little Rock had been sched-  
uled to start at the high school  
level in 1957, Pine Bluff at the  
first grade in 1958.

No integration suits are pending  
in the state.

## Trade Issues May Also Be Discussed

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP) — President  
Eisenhower's trip to Europe today  
may center on political and mili-  
tary issues but trade problems  
can't be divorced from them.

Nor can his later verbal spar-  
ing with Soviet Premier Nikita  
Khrushchev be without effects on  
American stock and commodity  
markets and on business planning.  
Dollars, pounds, francs, marks —  
and even rubles — sometimes talk  
while guns are silenced.

The blocs are:  
1. The Soviets and their satel-

Hats, this fall, are high and towering! tailored or very tiny and feminine. It depends on the time of day and the costume. Deep dentel cloche (upper left) by Irene of New York is in walnut velvet. Peacock velours hat (upper center) by Walter Florell has black satin tab at the front, covers much of the hair. Miniature satin pillbox for late day (upper right) has cartridge pleated crown, silk rose trim. It's typical of the tiny and feminine hats for evening wear. White lamb cone hat (lower left) by Sally Victor shows the influence of Mrs. Victor's recent visit to Russia. Shired pillbox (lower center) in deep red has velvet cord trim. It's a Hattie Carnegie design. The velvet pillbox for late day (lower right) is a beautiful hat bordered in white mink and trimmed with a jeweled pink rose. This is by Chanda. Many of the fall hats have been designed to keep company with semi-bouffant hairdos.

ites — and when he comes here  
next month Khrushchev is expect-  
ed to urge a thaw in trade rela-  
tions between East and West as  
well as a political thaw in the  
cold war.

2. The common market — the  
inner six nations of West Ger-  
many, France, Italy, Netherlands,  
Belgium and Luxembourg — with  
frictional trade problems — and  
doubts of each other's potential  
industrial strength still to be al-  
ayed.

3. The Little Free Trade Area  
— the outer seven headed by Eng-  
land and including Switzerland,  
Austria, Sweden, Norway, Den-  
mark and Portugal. They also are  
still divided among themselves on  
many trade problems but united

in hoping to wangle a working  
agreement out of the Common  
Market which they fear.

Specifically, England and to  
some extent France fear the grow-  
ing economic strength of Ger-  
many is much more than the  
political and military implications  
of a divided Germany.

And the general resurgence of  
West European industry in recent  
years puts problems to American  
industry. Many businessmen here  
feel that much of the European  
building into world trade competi-  
tion came with the help of U.S.  
tax dollars in foreign aid.

Some U. S. firms seek to solve  
competitive problems by putting  
in plants abroad to produce on  
equal terms. Others seek to pep-

up their slipping exports by cut-  
ting costs, and so prices, or by  
improving products to outshine  
those of European competitors.

Still others, seeking inroads to  
the U. S. Market by increasing  
imports of less expensive foreign  
goods but often well-built and  
attractive ones, are seeking gov-  
ernment aid in the form of tariffs  
or import quotas.

The U. S. government has been  
trying to bolster exports abroad  
through trade missions abroad,  
entering trade fairs, and setting  
up business appointments aimed  
for American salesmen.

It also has been making some  
progress in getting other nations  
to relax or lift their curbs on  
goods from the dollar area.

But as competition for world  
markets becomes more intense,  
the efforts of various nations —  
our allies as well as our oppo-  
nents — will step up their efforts  
to help their industries, too.

And these conflicts run like a  
thread through the issues that  
might seem on the surface merely  
political or military — merely  
ones of alliances or defense neces-  
sities or ideological propaganda.

### Flies From Hawaii With Fuel to Spare

MAHETTA, Ga. (AP) — A Lock-  
hed C-130 Hercules came in non-  
stop from Hawaii today — a dis-  
tance of 4,600 miles — with fuel to  
spare.

The flight from Pearl Harbor  
required 13 hours and 15 minutes.  
Aboard was a crew of 12 from  
Stewart Air Force Base in Ten-  
nessee and Edwards AFB in Cal-  
ifornia.

Capt. Ralph C. Blackwell, test  
engineer, said strong headwinds  
had been expected but the big  
plane instead had a good tailwind  
all the way to Denver.

## Money Change Panics Many Indonesians

JAKARTA, Indonesia (AP) —  
Confusion and panic gripped Ja-  
karta today in the wake of finan-  
cial measures announced by Pres-  
ident Sukarno.

Business was at a standstill.  
Small and big banks and stock  
exchange institutions were closed.  
Sukarno devalued 500 and 1,000  
rupiah notes (\$43 and \$57) by 20  
per cent Monday and froze 90 per  
cent of all bank deposits exceed-  
ing 25,000 rupiahs (\$2,164). The  
measures are designed to curb  
inflation and channel capital into  
development projects.

Finance Minister Djuanda or-  
dered banks to list fixed and cur-  
rent deposit accounts exceeding  
25,000 rupiahs. Police guarded all  
banks.

Some businessmen refused to  
accept the devalued currencies.  
Most tradesmen closed their shops  
after the announcement.

Information Minister M. A. Ladi  
said the government did not in-  
tend to devalue the 100 rupiah  
and lower denomination notes, but  
many refused to believe him.

He said the government felt that  
with the exception of a few per-  
sons, the devalued currencies  
were not held by the majority of  
the middle and poorer classes  
"so that these community groups  
would not be hit by the measure-  
ures."

But many observers said that  
almost 80 per cent of the nation's  
millions of people would be ad-  
versely affected by the devalua-  
tion.

However, Indonesia's newspa-  
pers generally agreed that the  
devaluation is the kind of sacri-  
fice the nation must make in the  
interests of its future.

### Migrant Farm Worker Heid in Slaying

WILSON, Ark. (AP) — Migrant  
Mexican farm worker is being  
held here in connection with 1952  
fatal shooting of a fellow worker.

Adolph Alberto Banda, 23, of  
Juarez, Mexico, faces a preliminary  
hearing tomorrow on a charge of  
murder. Deputy Sheriff Clyde  
Barker said. Two other workers  
were slightly wounded in the shoot-  
ing Sunday at a nearby farm. Barker  
said.

Killed was Rodriguez Lopez, 27.  
The wounded men, Ramirez Men-  
doza and Ricardo Garcia, were  
hospitalized at Osceola and report-  
ed in satisfactory condition.

No reason for the shooting was  
given.

The old log building near the  
crest of Mount Fayette on Highway  
74 south of Fayetteville, is more  
than 100 years old. It was moved  
there from the Arkansas river  
valley and is the same building in  
which Albert Pike taught school.

## Democrats Turn Out to Be Lambs

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP)—If the Democrats sounded like a lion roaring when they took over Congress this year, you were hearing things. They turned out to be lambs. And their two leaders proved to be pretty mild fellows.

The result: the Democratic performance to date is something less than eye-catching.

The two leaders—Sen. Lyndon Johnson and Speaker Sam Rayburn, both Texans—started off 1959, thanks to the 1958 elections, with the greatest Democratic majorities in both houses since early New Deal days.

Right now, including the new state of Hawaii, this is the largest margin in the House—234 Democrats to 151 Republicans (there is one vacancy) in the Senate—63 Democrats to 35 Republicans.

But Johnson and Rayburn, who are both conservatives and believers in compromise to get things done, have led the Democrats down a middle-road course that can't make anyone very mad—very excited, either.

President Eisenhower, undaunted by the Democrats' numbers, kept them in a lamb-like mood by threatening to veto anything they did which he didn't like. And he did. An they couldn't muster enough votes to override his veto.

Johnson didn't wait for Eisenhower to lay down his presidential program when Congress came here in January. The self-confident Johnson announced his own program Nov. 7, 1958, three days after the Democrats' overwhelming election win.

It had 12 points, some of which were passed a wheat bill and a tobacco bill which kept price supports up. Eisenhower vetoed both.

The program looked impressive. The performance hasn't been.

Rayburn, always credited with magical control over House Democrats, in one glaring example didn't even seem to have control over his own Democrats from Texas. That was on the labor control bill.

The Senate passed a middle-of-the-road bill 90-1. But the House, mainly through Eisenhower's urging and a combination of Southern Democrats and Republicans, was in a mood to pass a much tougher one.

Democrats from Texas voted for the tougher bill—229 for, 201 against—46 of Rayburn's 20 fellow Democrats from Texas voted for the sterner measure even though he himself said he favored the Senate version.

Those 19 Texas votes, if switched the other way, would have killed the tough bill. And Rayburn seems ineffective on another piece of legislation, a civil rights bill, which was approved by the House Judiciary Committee.

Rayburn promised earlier this year he wouldn't allow the Rules Committee to strangle legislation some other committee approved, but that's where the measure is stalled now.

Johnson has insisted the Senate this year would pass a civil rights bill, but even if it does, there can be no new civil rights law unless the House also acts, which now seems unlikely.

In the Senate, Johnson has been more manager than leader. As a manager he undertakes to get different factions to work together. This calls for compromise, of which Johnson is a master, although the result is watered-down legislation.

Those were some of the points in Johnson's program and what happened to them.

He called for a new farm program, Eisenhower has wanted to put down price supports. Congress passed a wheat bill and a tobacco bill which kept price supports up. Eisenhower vetoed both.

The prospect, no farra bill this year.

Johnson called for legislation to help ease the chronic unemployment. Eisenhower had asked only \$3 million dollars for this. The Senate voted 249 million. The House Banking Committee thought 251 million would be right. The bill has been in the Rules Committee for months. For all practical purposes, it seems dead. So does help for depressed areas.

Johnson said there should be stepped-up water development for the West. A Senate committee is looking into this. But it is not expected to make a recommendation before 1961.

Johnson wanted a "brand new" housing program. Congress approved a bill the President thought was too costly. Eisenhower vetoed it. Now Congress is working on one it hopes he won't veto.

Johnson wanted an expanded airport building program. So did Eisenhower. The President proposed spending 200 million dollars over four years. Congress worked out a compromise to spend 120 million dollars over two years. Eisenhower accepted this, signed it into law.

A review of foreign policy Johnson called for is now in the study points.

## Nowadays All Congressmen Send Out News

By FRANK ELEAZER  
United Press International

WASHINGTON (UP)—A well-meaning congressman, a large, friendly, cheerful, has been for a long time the idea of a writer. He started sending a weekly newsletter to the nation's back home and, before long, he was sending out some of the community back home.

In light of widespread developments, this congressman, who is being compared to the late Senator John F. Kennedy, is now sending out a weekly newsletter to the nation's back home and, before long, he was sending out some of the community back home.

Some of them are worth reading and they sure are the best stage. The labor control bill, now in conference, was another of his points.

way to circulate jokes since television was invented.

In anticipation of the start of the Pan American games in Chicago later this week, Rep. Sidney R. Yates (D-Ill.) was assuring his 4,200 readers, recently of Congress, unfailing and kindly interest in sports.

**Snappy Outfielder**

He said he had just heard in the House cloakroom about a fellow who had his horse into a man. The manager gave him a pretty bad slump. Anyway, the horse sent the manager into the outfield and knocked him some flies. The horse caught each ball in its mouth and snapped it back with a whip of his neck.

"Can he hit?" the manager asked. "Try him," said the horse's owner. They put a bat in the horse's mouth and he stepped up to the plate. He hit every pitch out of sight.

"He's great," the manager said. "We'll use him tomorrow." The horse came to bat. He hit the first pitch into left field, then stood there pawing the ground. "Run, you fool," the manager shouted. "Why doesn't he run?" "If he could run," the horse's

owner replied snily, "he'd be at Arlington Park."

Nobody knows exactly how many of the 337 House and Senate members have been over- come with a desire to write their own columns. However, indicate the number is at least 250. Many letters have pressmen of House members or more.

**Bread Segregation**

Unlike Yates, most of the anti-segregationists believe the way to get out of trouble is to stand something either amuse or controversial. But Rep. Wright (D-Tex.) is one who is willing to be both.

When "The Three Little Pigs" was discovered recently to have implications beyond that of a children's story, Wright had a hand in it. He wrote a letter to the children's magazine, "The Three Little Pigs," and asked them to stop publishing it. He said, "I don't want my children to read that story."

"Asked what significance there could be in a book of that kind," Wright said, "and he added many naturalized exotics. Arkansas has at least 2,600 native plants, and to this list could be added many naturalized exotics. Arkansas has one public library in 1959."

Neb.) is another congressional columnist who knows what makes news. Early this year he reported that more than 10 House members had put their relatives on the congressional payroll.

**Tries For Laughs**

Not only did he come right out and mention this unmentionable subject, but he offered to forward a list of the offenders, their kind-folks, and the salaries paid them.

Cunningham also always tries for a laugh. A while back he got one he hadn't figured on. He related that one night after he and Mrs. Cunningham turned off the TV set, he went upstairs to bed while she went to the kitchen to fix sandwiches for the children's lunches next day.

Fifteen minutes later the TV burst into flames. Mrs. Cunningham spotted the fire and although the set was smoldering, the house was saved. Cunningham rhetorically said, "We hate to think what might have happened" if Mrs. Cunningham had been with him. "Well, what might have happened?" a number of his readers wrote in to inquire.

Arkansas has at least 2,600 native plants, and to this list could be added many naturalized exotics. Arkansas has one public library in 1959.

YAKIMA, Wash. (AP) — The defendant sang in his own defense and the judge turned music critic Monday.

Philip Lombardo, 65, was charged with creating a public nuisance. He sang operatic arias too much and too loudly, said his neighbors.

Said Lombardo: "I sing because I am full of happiness." When Justice of the Peace Thomas Grady asked for sample, the defendant sang lustily.
